Others:

Paul & Brenda Gomez – healing in their marriage
Leonard Michael – a Texas businessman who manages our website
asks us to pray for God’s perfect will for his life.
Salvation – of those around you that you know need Christ
The President and his administration

Home Missions – How many missionaries do Southern Baptists have that focus on missions in the U.S. its territories and Canada? The answer is – over 5,000. Even in the Bible Belt at least 2/3 of the population is lost. In the Western U.S. 90% of the population is lost. In Canada 73% is lost. Pray for the lost in our own country and the missionaries that work to implement strategies to reach them.
